Aditi Garg

Software Engineer | 3+ Years

🏠 New Delhi　　⌂ Github　　in LinkedIn　　✉ adittigarg@gmail.com　　📞 9999040664

Profile Summary

Dynamic and detail-oriented Full Stack Web Developer with a strong background in **React.js, Node.js, JavaScript, HTML, and CSS**. Over **3.5 years of IT experience**, transitioning from Windows Administration and SCCM to a thriving career in web development. Passionate about crafting **scalable, high-performance applications** with a focus on **responsive design, API integration, and modern web frameworks**. Currently honing skills in full-stack development through **Coding Ninjas' intensive training program**. Adept at problem-solving, collaborating with cross-functional teams, and leveraging emerging technologies to drive digital transformation.

Experience

INFOSYS LTD. | Technical Analyst
Jan 2021 – July 2024 | Noida, India

➔ Managed SCCM and Windows Administration for enterprise clients, overseeing **1 CAS and 5 primary sites**.
➔ Optimized system performance, reducing downtime by 70%.
➔ **Reduced** IT support ticket **resolution time by 30%** through process improvements.
➔ Helped users with Microsoft license related issues.
➔ Provided training sessions and **trainings to 10+ juniors**.

Projects

INVENTORY MANAGEMENT APP　Node.js, Express.js | Github
March 2025

➔ Backend: Node.js with Express.js for handling API requests.
➔ Product Management: Add, update, and delete products with ease.

WEATHER APPLICATION　| JavaScript | CSS | API Integration | Github
Feb 2025

➔ Developed a Weather Application using **HTML, CSS, JavaScript, and a weather API** to provide real-time weather updates for any location.
➔ The application allows users to search for a city and view essential weather details such as temperature, humidity, and weather conditions
➔ Integrated API calls to fetch live data and dynamically update the UI.

TRAVEL APPLICATION　| JS, CSS, HTML | Github
Feb 2024

➔ Developed a responsive travel application using **HTML, CSS, and JavaScript**, allowing users to explore destinations and book trips seamlessly.
➔ The application includes an interactive **booking form** with client-side validation to ensure accurate user input.
➔ Designed a visually appealing and **user-friendly interface** with smooth navigation and **responsive layouts**.
